FILE HEADING

Water Supply to Chitaldrug town.

From

The Chief Engr. of Mysore

No. B.13079 Dated 21.11.18 Received 23.11.18

Diary No. 7514	Enclos	Spare Copies	Serial No 1

BRIEF ABSTRACT OF LETTER

R States that the estimate sanctioned by Govt for Water Supply to Chitaldrug town from the Katteral tank, if revised in accordance with the prevailing market rate, is likely to exceed 75% nearly and that the revised estimate will then amount to Rs 3,29,000/- and solicits immediate orders whether the works should be undertaken or not.

NOTES AND ORDERS

R 2. Letter no C 169 L.F of 18-19 dt 23-11-18 from the Dy Comm[r] Chitaldrug Dist

Reports that the townspeople of Chitaldrug are put to much difficulty for good drinking water owing to the failure of tank filling rains this year and

NOTES—First Sheet.

Submitted with refce paras 38, 935 supra

43) Refce is invited to para 16. The cost has been calculated on the assumption that the figures mentioned in the Dewan's reply are in shillings & pounds. The cost comes to Rs 30,4000. The quotations were made in May 1919. Rates have returned rapidly since then. It is likely that cost of iron materials have undergone a reduction. If so, it may safely be taken for granted that the cost of the scheme is not likely to exceed Rs 30,0000. The original estimate amounted to Rs 1 90 lakhs nearly.

44) Refce is invited also to paras 9, 10 & 11 supra. Whether the question of financing has to be further considered is also a point for orders.

By the time the amount is spent, it may be possible for Govt to allot out of the funds the balance required for completing the Scheme. The raising of the loan is chiefly intended to relieve the strain on State assets. The first Secy has of late been showing attention to the fact that State funds cannot be spared for the Irrigation Schemes. Out of the budget the strain on State funds is great and special allotments for these schemes cannot be spared. The valley has already raised a loan of Rs. 1,17,000/- and for the 2nd cl. by a great effort it may be possible to raise a loan of Rs 2 lacs by a loan. The balance will have to be found from State funds during the next two years, the work being spread over two or three years. The delay involves the payment of interest charges unnecessarily borne by the Govt of the valley - the addn to the capital cost.

MK 3/12/19

1. The Chief Engineer in R 7578/8/20 states that the revised estimate for Rs 3,24,000 for the project has been referred to the Municipal Council for finance & other reply is awaited.

From the Dy. Com. Bhiladrug in D Dis 77 and/19 dt 3/1/20 forwards with reference to 3, a Copies of the resolutions of the municipal Council stating that the work may be put off till the end of the monsoon & drain so as to enable the Municipality to get the work executed either. The previously sanctioned estimate of Rs 190,550 only.

2. The municipal Council is not in all seasons to carry out the work with any further increased Cost as they have now sufficient quantity of water in the tank for more than a year

vide Resolution dt 3/1/20

and thus they have already decided to go back.

3. Submitted for orders with regard to para 6 of the letter.

4. A reply seems to be due to the Acting Engineer also regarding the proposed decision of Govt. on this matter.

5. In view of present financial condition it may perhaps be best to accept the results of the Municipality — who may be asked to invest at least two lakhs, meanwhile

MYSORE PUBLIC WORKS DEPARTMENT.

CENTRAL OFFICE.

No. B. 13079 in me

Bangalore, dated the 21st November 1918.

15479

From

S. Cadambi, Esquire,

Chief Engineer of Mysore,

B A N G A L O R E.

REVENUE ETC.,
23 NOV 1918
27524

To

B. Ramaswamaiya, Esqr., B.A., B.L.,

Secretary to Government,

Revenue Department,

B A N G A L O R E.

Sir,

With reference to G.O. No. 3508-10/M1.208-17-7 dated the 31st August 1918 sanctioning an estimate amounting to Rs. 1,90,550 for water supply to the Chitaldrug Town from the Kathral tank, I have the honor to forward herewith, for favour of perusal, a copy of letter No. 630 dated the 3rd October 1918, received from the Executive Engineer, Sanitary Division, reporting that the amount of the sanctioned estimate, if revised in accordance with the prevailing market rates, is likely to exceed 75% nearly. The revised estimate will thus amount to Rs. 3,29,000, and I request that orders of Government may be obtained if the work should be undertaken now.

2. It will be noticed that the chief item of excess is the rising main. The rates are very high due to abnormal conditions.

3. The favour of immediate orders is solicited as Messrs. Garlick and Co., of Bombay have given their quotations for -

6½ miles length of Cast Iron pipes at Rs. 21 per cwt.

I have the honor to be,

Sir,

Your most obedient servant,

For Chief Engineer of Mysore.

E.W.M/2

Letter No. 630 dated the 3rd October 1918, from the Executive Engineer, Sanitary Division, to the Superintending Engineer, Southern Circle, Bangalore.

Water Supply Scheme to Chitaldrug Town.

With reference to your No. 8045/E.41-19 dated the 20th September 1918, forwarding the sanctioned estimate for the - - above for starting the work at once, I have the honor to state that the amount of the estimate will be exceeded by 75% at - - least, if revised according to the rates prevailing at present as shown below -

Items.	Sanctioned amount.	Total estimate revised amount
Pumping machinery, price advanced by over 100% by all firms	28,500	50,000
Jewel pressure fitters. . .	9,960	10,000
Fixing telephone lines. ...	5,660	11,000
5" rising main, price advanced by over 200% ..	1,00,000	2,00,000
Masonry works, rate advanced by 25%	46,430	58,000
Total	1,90,550	3,29,000

2. . Under the circumstances, I request you to kindly intimate as early as possible if I should take steps to start the work. As soon as I hear from you, I shall call for tenders for works and materials

Bangalore

Sir,

Adverting to Government order No. 3508-10 M1 208-17-1 dated 31st August 1918 sanctioning the estimate amounting to Rs. 1,90,550/- for supply of water to the Chitaldroog town from the Kathral tank, I have the honor to state that the total amount collected till now by the issue of debentures comes up to Rs 1,17,740/- and I have addressed the Manager of the Mysore Bank to withdraw the sum deposited in the Bank and credit the same to D.P.W. at the State Mutur Treasury The Comptroller has also been requested in the matter of placing the balance amount (not deposited in the Mysore Bank but credited to Treasuries) at the disposal of the Public Works Department.

Needful steps are being taken to call up the balance of the loan.

2. On account of failure of tank filling rains, the Shirmannanayakanakere and also the vaddu or reservoir below it did not receive any supply of water this year also as usual and hence the townspeople are put to much difficulty for good drinking water and it is apprehended that the difficulty will be acute next summer During these days of epidemics the health of the town may greatly suffer if the town is not supplied with good drinking water I request therefore that the D P W may kindly be directed to arrange to commence the work very early By the time the amount

Gentlemen.

I enclose a specification for certain cast iron pipes required for use in the State and should be obliged if you would make enquiries, obtain the most favourable quotations and pass the latter on to me at as early a date as possible. Kindly note that the fact that these pipes are required by the Mysore Government should not be disclosed to the manufacturers or the wholesale Agents but retained for your information only.

I am addressing this letter to you personally and not formally through the Secretary to Government in the Departments of Education and Agriculture since the necessary formalities appointing you as the Commercial

Commercial Agents in London have not been completed yet. I have no doubt that you will kindly give this matter your best and prompt attention.

Yours faithfully,

(Second Member of Council,
Lycoris Government)

Second Member of Council,
Government of Mysore,
Bangalore, India.

Dear Sir,

We thank you for your favour of the 21st March, and are attaching to this letter a quotation for the Pipes given in the specification forwarded by you. We are giving you two prices, one for the Pipes of the mean weight of 2 cwt. each, and one for the Pipes weighing 2.0.4 each.

Of course, as you are aware, the present is a very unfavourable time for comparison of prices, owing to the rapid advance in raw material. For instance, we have received intimation that the price of Pig Iron will be advanced from to-day and if this information is correct it will mean that an extra of 50/- per ton will accordingly be charged in addition to the prices given for any Castings made as and from the 1st May.

Further, all quotations now are given on the understanding that in the event of the cost of wages, or other materials being increased or reduced, the prices of

Gentlemen,

I have your letter of the 1st May 1919 with enclosure and thank you for them.

As arrangements constituting you the London Commercial Agents of the Mysore State have been completed since, and as certain principal officers of the State Service will also be authorised to deal with you direct in such matters in future I am passing your letter under reference on to the Revenue Secretary to the Government of Mysore for further treatment. You may expect to hear either from him or the Secretary to Government in the Public Works Department next
